

PICKREL RAPS OFFICIALS FOR BARRING FILM

Says Action Is An Infringe-
ment On Freedom To
Express Ideas.

BLAMES COOPER

"The Big House" Is Center of
Action In Ohio Party.

COLUMBUS, O., Sept. 6.—"Unjustifiable censorship of (movie) films is as much an infringement on freedom to express ideas as would be curtailment of the liberty of the newspapers," declares former Lieutenant Governor William G. Pickrel, Dayton, Democratic nominee for the lieutenant governorship, in a statement issued today from Democratic state headquarters.

In this statement, Pickrel takes exception to the alleged refusal on the part of the present state administration to permit the showing in Ohio theaters and movie houses of the picture entitled "The Big House." This picture depicts prison conditions similar to those in Ohio penitentiary last spring when five resulted in the death of more than 300 prisoners.

"I am assured by the concurrence in judgment of officials of other states and qualified picture critics that there are no defensible reasons for barring the film in question from Ohio," continued Pickrel. "It is inconceivable that the simple matter of passing, or rejecting, a movie film should become a baffling problem of statecraft too intricate for immediate solution by a governor."

The statement asserted that state censorship officials failed to permit the showing of this picture and, without offering legal grounds for prohibiting its display, declined, for aches, to make an official ruling on the admissibility of the film.

"Theater owners, who charged that censoring over possible political effects of showing the picture is responsible for lack of official sanction, pointed to the fate of these other pictures—'Numbered Men,' 'The Convict's Code,' and 'The Squalor,'"—the statement continues.

"Through all of these pictures runs a prison story based upon over-crowded conditions surrounding convicts, they assert. None of them can be barred on moral, or legal grounds."

BLAME COOPER
"They ascribe the policy of deferring an official ruling to reluctance of Governor Cooper's administration to have public interest centered upon Ohio penal conditions and the penitentiary fire during the election campaign."

"Meanwhile, protests accumulated as Ohio residents of border towns crossed state boundaries to view 'The Big House' in neighboring communities and came away to testify that their morals were unscathed, their minds undelivered, but that their appreciation of the problem of prison reform was intensified."

VILLAGERS SEE 'QUESTION MARK'

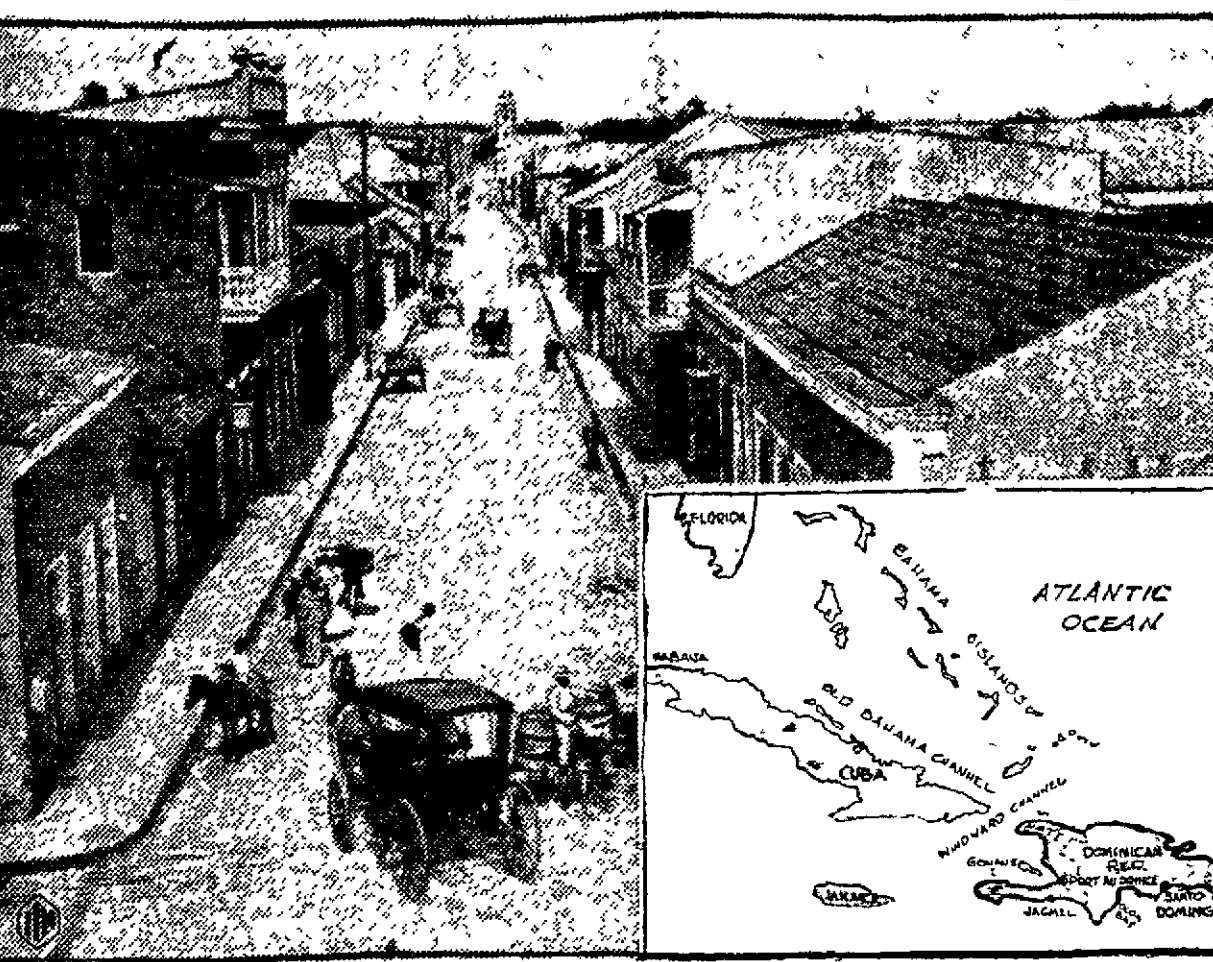

J. Bryan, who resides on a farm near New Holland stated Friday that he could plainly see the monoplane "The Question Mark," piloted by Capt. Doudoune Coste and Maurice Bellonte, which successfully spanned the Atlantic, pass over his fields Thursday afternoon, headed south. He states he did not pay any attention to the plane or give it any thought until he happened to glance up, and could read on the tip of the wings, the words "Question Mark." Other residents of that district also reported they heard a plane about that time, but did not give it any attention, as they thought it was probably a mail plane passing over.

The flight to Dallas, Texas, which was made for the purpose of collecting \$25,000 purse, offered by Col. William B. Henshaw, was accomplished in 11 hours and 25 minutes.

DIAMOND IS BOUND HOME

Germans at Last Ship New
York Gangster Aboard
North German Liner.

HAMBURG, Germany, Sept. 6.—Jack "Legs" Diamond, a reluctant passenger aboard the North German Lloyd steamer Hannover, sailed from this port at 4 p. m. today, homeward bound.

The Hannover, a freight vessel, is due at Philadelphia on Sept. 23. Diamond was taken aboard the Hannover an hour before the vessel sailed, by police officers who had accompanied him here from Bremen.

The New York gangster was brought here by automobile, accompanied by two policemen from Bremen. The party arrived at 2 p. m. and after Diamond had lunched at a local hotel he was taken aboard the Hannover, where he was assigned the best cabin on the ship.

The two Bremen policemen and one from Hamburg accompanied the gangster aboard the ship. They will leave the ship at Cuxhaven, the last port of call in German territory for the Hannover.

The captain of the Hannover received instructions from the police to deliver Diamond to Philadelphia.

A large crowd of curiosity seekers was on hand to watch the notorious figure from New York's underworld go aboard the boat, and there were numerous bores and cries of derision for the dapper Diamond to speed him on his way.

By obtaining passage for Diamond aboard the Hannover, and being able actually to get him aboard the boat relieved the German police officials considerably, as his possible disposition had been a difficult problem for them ever since he was arrested at Alx La Chapelle, on his entry into Germany. No one appeared to want him, not even the captains of outgoing liners, and German officials did not care to harbor him as a tourist in Germany.

ITALY AGAIN FEELS QUAKE

MELFI, Italy, Sept. 6.—Hardly recovered from the earthquake calamity which devastated south central Italy a month ago, the previously affected zones again were in terror today following a series of sudden shocks.

Five preliminary shakings culminated in a violent temblor that lasted nearly five seconds, sending the population in the various towns from their homes screaming with fright. No damage was reported, although a few stones of older ruins rolled into the streets.

The quakes, in addition to Melfi, were felt in the towns of Rapolla, Ronero and Venosa, all badly damaged in the recent major disaster.

Misses Harriett and Mary Marshall on E. Main-st are guests of Misses Dora and Virginia Nye in Chillicothe.

MRS. C. BRIGHT PLEADS GUILTY

Woman With Two Men Bound
To Grand Jury Under Un-
furnished \$1,500 Bond

Mr. and Mrs. C. C. Bright and Edward Fritch of Columbus, who were arrested in that city Thursday by Sheriff Frank Davis and Deputy Sheriff John Ward, on a charge of burglary and larceny in connection with robberies in a number of cottages in Pickaway-co are in the county jail each under \$1500 bond which they were unable to furnish following arraignment before Squire E. C. Price late Friday.

Mrs. Bright pleaded guilty to the charge although her husband, C. C. Bright and Edward Fritch pleaded not guilty. All were bound over to the October term of the grand jury.

Bed clothes, blankets, linen goods, dishes trunks and other equipment was confiscated by Sheriff Davis and Deputy Ward Thursday evening, when, with the aid of John Guy, Franklin-co constable, they raided the homes of the persons now held.

This trio is thought to be connected with Andrew Estep, Otis Speakman and Mrs. Jennie Stewart who were arrested last week on similar charges. Thefts of between \$8,000 and \$10,000 worth of goods are thought to have been cleared up by the arrest of these people.

Authorities are still searching for James Stewart who escaped from his Deer Creek-twp home just before the officers came to arrest him.

Local Grocer Chosen Treasur-
er of State United Breth-
ren Conference.

E. S. Neuding, E. Main-st grocer was elected treasurer of the Ohio United Brethren church conference at the afternoon session of the conference held Friday in Columbus.

A complete count of the ballot showed that Lewis Hampshire was elected recording secretary, J. E. Bowser named statistical secretary and S. B. Wright chairman of the board of Christian education. Governor Myers Y. Cooper spoke Friday afternoon, discussing the social conditions of Ohio. A crowd of Ohio's penal institutions and hospitals for the mentally ill would be relieved by Jan. 1, said and the building now under way and the classification and segregation of prisoners will be the subjects of many of the events that now exist.

The grocer stressed the point that prison and social reform do not begin in the person but in the home, school and church where the younger generation should receive education, spiritual aid, and advice rather than attempting to reform later in the reformatory or penitentiary.

MAMMOTH SHIP CRASHES INTO NEW YORK PIER

Leviathan, Out of Control,
Sinks Derrick Lighter In
Wild Swing.

GOES TO SEA

Carried 538 Passengers Includ-
ing Friend of Al Smith.

BULLETIN

NEW YORK, Sept. 6.—The giant liner Leviathan suddenly went out of control today as she was negotiating the Hudson River, outward bound, smashed into a derrick lighter, sinking it, and then crashed her bulk against three piers, 41, 40, and 42.

The big ship coming down the river under her own power when her whistle shrieked a signal that she had gone out of control and the flag signal "out of control" was hoisted to warn shipping.

Soon after, the Leviathan dropped anchor as she was swinging dangerously near shore.

The current took the ship around and the lighter, which was tied up at pier No. 40, foot of Morton Street which is at the Greenwich Village section of Manhattan, was struck. The nearby piers also felt the crush of the liner's bulk but were not seriously damaged.

Eight tugs raced to the rescue of the Leviathan and swung her out to midstream. She then proceeded on her way.

It was later reported that two railroad lighters were also struck by the ship when it swung around after anchoring.

The Leviathan had left pier 86 at 10 30 on her trip to Cherbourg and Southampton.

She carried 538 passengers, 128 of them in first class. Among the passengers were William F. Kenny, multi-millionaire contractor and close friend of former Governor Alfred E. Smith, on his way to join members of his family in England; Roy Bishop, of San Francisco; Jeff Dickson, fight promoter and William Finlay Morgan, of Boston.

At the offices of the United States Lines International News Service was told no word had been received concerning the accident.

The officers said the ship had passed the battery with an escort of a tug and that as far as it was known she would continue on her way to Europe.

SPEED RELIEF FOR ISLANDERS

Doctors, Nurses Flood Into
City Devastated By Ter-
rible Hurricane.

SAN JUAN, Porto Rico, Sept. 6.—Assurances of speedy relief for the stricken city of Santo Domingo were received here from various sources today, indicating that before night the work of alleviation would be well under way.

On information that the extent of the disaster was enormous, Haiti dispatched two airplanes and a steamship to the devastated region carrying together 10 doctors, 14 nurses, rations for 40,000 people and a complete field hospital equipment.

The first plane carried Dr. Lucius Johnson, U. S. N., and nine Haitian physicians, and two American Red Cross nurses, Miss Molly Malley of Boston, and Miss Cora Brouillet of Holyoke, Mass. Twelve Haitian nurses were placed aboard the plane.

Col. R. M. Cutts, of the United States marines, arranged for the second plane to transport the medical supplies and instruments to the scene of disaster.

Governor Roosevelt of Porto Rico worked night and day in co-operation with relief committees to speed relief from here. Dr. Fernos, assistant commissioner of health and president of the Porto Rico Red Cross, headed a group of thirty doctors who departed for Santo Domingo aboard the United States minesweeper Grobe. A large amount of medical supplies were taken with him.

Two other ships, the Al-Armenian cable boat and the hull line steamer Katherine, steamed west loaded with tons of food, tenting cots and the like. They should reach the island some time today.

Cuba and the Virgin Islands as well as the United States immediately extended aid on learning of the extent of the calamity.

Miss Mary E. Cryder of N. Court-st has as her guest Mrs. Edith Jones of Chillicothe.

Mr. and Mrs. William E. Norris

Mrs. William E. Norris, who with her husband celebrated their 50th wedding anniversary at their home in Circleville-twp last Sunday, doesn't agree with those who are quick to criticize modern youth.

"The young people of today are positively all right," Mrs. Norris said. "They're going along with the world, that's all."

"In my girlhood some of the straight-laced thought the boys and girls were going to the dogs. They didn't. Neither are they going to the dogs today. They're enjoying themselves in the modern way."

Mr. and Mrs. Norris are blessed with eight children and 20 grandchildren.

government will be a failure; the me-
ral and religious education of all
people is essential to national wel-
fare.

V. 3 "And the king stood by the
pillar, and made a covenant be-
fore Jehovah, to walk after Jeho-
vah and to keep his command-
ments and his testimonies and his
statutes, with all his heart and all
his soul, to confirm the words of
his covenant that were written
in this book, and all the people
stood to the covenant." The king
renewed the ancient covenant and
he did it sincerely. His sincerity
was caught by the people who
joined him in this public avowal
of fidelity to God. Here again is
illustrated the place and power of
public worship in the life of a na-
tion. The greatest religious need
today in America is that of stop-
ping the increasing neglect of true
worship of God as may be seen in
the lack of church attendance es-
pecially in the Protestant church-

es.

V. 21 "And the king commanded
all the people saying, keep the
covenant unto Jehovah your God,
as it is written in this book of the
Covenant." The king wanted a
universal expression of gratitude
and so commanded all the people
to attend the Passover. Notes of
gratitude in a people is a good in-
dication of positive living. The
Passover was a great success as
stated in the following verse.

V. 24 "Moreover them that had
familiar spirits and the wizards
and all the abominations that were
seen in the land of Judah and in
Jerusalem did Josiah put away,
that he might confirm the words
of the law." Those who had fam-
iliar spirit and wizards were the
impediments to the torahim were
the good luck images; the abomina-
tions were the licentious ceremon-
ies. Nothing unclean or unholy
can be tolerated in an individual,
a church or a nation who wants
to be sincerely right with God.

V. 25 "And like unto him there
was no king before him, that turned
to Jehovah with all his heart
and with all his soul and with all
his might." In vain do we read
the Bible if we do not live it. That
nation that forgets God shall per-
ish.

Causes of Costly Quake
According to the state earthquake
commission, the immediate cause of
the San Francisco earthquake of
1906 was displacement of strata
along an extensive fault line. In
many places the movement amount-
ed to a permanent shift of 10 to
20 feet. The line was well marked
and understood before the earth-
quake. It has been associated with
the process of uplifting the coast
range, but cuts independently across
some of the ridges.

There is still living in Tokyo,
Japan, a man who it is said, was
employed in his youth by the gov-
ernment as one of the painters who
repainted signs foridding "the
white" called Christians" to en-
ter Japan. This man is now an
active church member.

BRAVES AGAIN DEFEAT GIANTS

Bancroft Turns To McGraw For Comfort — Wane's Homer Downs Cubs.

NEW YORK, Sept. 6.—Up and down the countryside the sear and yellow leaves are whirling downward and in the orchards from coast to coast fat and juicy wine-saps and Jonathans are bouncing to earth with resounding smacks, but by far and wide today's best decline and fall appears to be the New York Giants.

They lost the third in a row to the Boston Braves yesterday, 6 to 4 and relinquished second place in the National swirl to St. Louis. They can't hit and they can't field and it was the unpleasant duty of Dave Bancroft to call Manager John McGraw on the phone and ask him what to do about today's double-header. Dave also had to tell Mr. McGraw that Hubbell allowed the Braves 12 hits in six innings and the mighty Giant infield blew up and Terry did not get a single hit. Outside of that, everything was jake, aid Dave, and please reverse the charges.

A homer in the ninth inning by Paul Waner furnished the second triumph of the series to the Pirates over the Cubs, 8 to 7. Pat Malone greeted the porcelains in the eighth, Osborn making the unfortunate finish, while Erwin Brame went the route for the Bucs.

The Senators humiliated the Yankees for the seventeenth time this season. Alvin Crowder, mighty Washington right-hander, becoming lenient after seven scoreless innings to finally finish it, 14 to 3. Babe Ruth started on the trial of Jack Wilson to reclaim his home run honors and blasted No. 45, placing the great man only one four-baser behind the mighty Bruin.

Al Simmons socked his homer No. 34 and aided George Earnshaw to mark up his twenty first victory of the season by lowering Boston 5 to 1.

Pete Jablonowski stunned the White Sox with only four hits and Chicago bowed to Cleveland, 6 to 1.

Other clubs were idle.

DEBRIS THROWN IN RING ENDS FIGHT

Prize Fight Between Gorilla Jones and Smith Called No Bout By Referee.

NEW YORK, Sept. 6.—They wrote a new one in fight record books Friday.

"Bout called no contest by referees in the ninth round because fans threw so much debris into the ring boxers could not continue."

And that was what actually happened here last night in Queensboro stadium in the bout for the colored middleweight championship between Harry Smith, New York, and Gorilla Jones, Akron, O. The spectators literally made the decision by throwing so many cigar butts, fans, programs, ice cream bricks and pennies into the ring that Referee Jack Dorman was forced to stop the battle.

"I really thought both boys were doing their best but the ring was in such condition the fight could not continue," said Dorman today.

The crowd became impatient at the outset when the first round was marked by considerable wrestling and the jeers increased as little action developed. Smith had the edge in all but two rounds. Jones injured his hand in the sixth and offered little opposition after that.

Purses of both fighters were held up pending an investigation. The gate was estimated at \$10,000.

TWO ARE HELD

COLUMBUS, O., Sept. 6.—Under suspicion of having been connected with the attempted gasoline filling station robbery at Hobson, near Pomeroy, Thursday, two Columbus men, Francis J. Neff, 21, and Max Williams, 20, are being held in central police station here today pending investigation.

One of the trio, who was shot and killed by the filing station attendant as the bandits were making their getaway, still remains unidentified. The body was at first thought to be that of a Columbus taxi driver.

Milton Friedman is in New York on business.

Miss Martha Wilder left Friday for Chagrin Falls, O., where she will teach English in the high school.

Job Was Done

A grammar school student was set a question in an examination paper—"If twenty men reap a field in eight hours, how long will it take fifteen men to reap the same field?" The student thought long and carefully before writing the answer, and when he handed in his paper, this is what the examiner read: "The field having been reaped by the twenty men could not be reaped by the fifteen."—Toronto Globe.

DON'T BE A SLAVE TO LAXATIVES

Mrs. E. Gohard, 301 W. 8th St., Newport, Ky., says, "My husband and I were actually slaves to laxatives, continually dosing ourselves with something to relieve constipation. Just couldn't stop. It got to be a habit. We even gave our children laxatives in candy form. Little did we realize that we were only aggravating and not reaching the cause of the constipation. Headaches, nervousness, indigestion and constipation still continued."

Our druggist recommended Carter's Little Liver Pills. He said these little vegetable pills would tone up the liver, stir up the bile, which, acting as an antiseptic, keeps the food from rotting and poisoning the blood. They are not habit forming and thoroughly cleanse the upper and lower bowel. Laxatives fail to do this. Carter's Little Liver Pills are sold at all drugists in 25c red paper packages.

CONDEMNED MEN GRANTED STAY

CHICAGO, Sept. 6.—Lafon Fisher and Leonard Laddow, two negro slayers condemned to die in the electric chair Friday morning owed their lives to a thirty days' reprieve granted last night at Springfield by Gov. Louis Emmerson.

The reprieve was granted last night to give the negroes an opportunity to file an appeal. They were convicted of slaying Martin French, a guard, in the robbery of the Franklin Park Trust and Savings bank.

KIDNAPED, ROBBED IS WOMAN'S CRY

CHICAGO, Sept. 5.—Explaining that she had been kidnaped in Detroit and taken on a "ride" to Michigan City, Ind., by her abductors, a woman identified herself as Mrs. Nathan Kerner, 25, of Detroit, was under treatment today in Washington Park hospital.

She was found by a taxicab driver yesterday afternoon in a semi-conscious state on a highway three miles west of Michigan City. Brought here by the driver, the woman said she is the wife of Nathan Kerner, owner of the Eastman amusement park in Detroit.

Between periods of hysteria the woman said she left her Cortland street home Wednesday evening. A block from her residence, she said, an automobile forced her car to the curb and two men and a woman left their machines and entered hers.

She was then bound with ropes after being robbed of her \$1,000 coat, her wedding ring and her purse containing \$35, the woman said. After a long ride her abductors tossed her from the automobile. Police were puzzled by the fact that she still wore two large diamond rings when she appeared here.

Kerner, who left for Chicago last night when notified by police, said he had a number of enemies among rival amusement park owners.

May Succeed Morrow As Mexican Envoy

J. Reuben Clark, Jr., 59, former Utah lawyer and now counselor to the American Embassy at Mexico City, has been selected as the most likely man to succeed Ambassador Dwight W. Morrow when the latter resigns to enter the Senatorial race in November.

SENATOR HAWES MAY CHANGE JOB

NEW YORK, Sept. 5.—Confirmation of a report that United States Senator Harry B. Hawes of Missouri will accept the salary presidency of a nature conservation commission which is being formed by Joseph P. Knapp, millionaire New York publisher, was made today by Knapp.

The commission is to be endowed to the extent of \$10,000,000, and will be called More Game Birds for America commission.

Headquarters for its nation-wide work will be maintained in Washington.

Senator Hawes' term in Congress expires in March, 1933, and he will not seek re-election, Knapp said. He denied Senator Hawes was in New York but said he would come here later for a conference.

The Missouri senator was said to have attracted the attention of Knapp when he wrote a book recently on black bass. Senator Hawes has a reputation for his work to preserve birds and game, Knapp said, and would direct the policy of the new movement.

INDIAN TROUBLES AGAIN RENEWED

BOMBAY, Sept. 6.—Indian troubles began with renewed vigor today when the Indian Congress committee inaugurated "Gandhi week" by staging a salt manufacturing demonstration in defiance of British authority.

A large force of police broke up the illegal demonstration and arrested its leaders.

The new nationalists activity followed on the heels of information reaching here that Mahatma Gandhi, leader of the Indian independence movement, had definitely rejected all proposals of peace and cessation of his civil disobedience campaign. The final statement it was believed, will be published today.

CONDEMNED MEN GRANTED STAY

CHICAGO, Sept. 6.—Lafon Fisher and Leonard Laddow, two negro slayers condemned to die in the electric chair Friday morning owed their lives to a thirty days' reprieve granted last night at Springfield by Gov. Louis Emmerson.

The reprieve was granted last night to give the negroes an opportunity to file an appeal. They were convicted of slaying Martin French, a guard, in the robbery of the Franklin Park Trust and Savings bank.

The trap was sprung at 6:01 a. m., and Panzran was pronounced dead by physicians 20 minutes later.

SUPERVISORY COUNCIL
Editor: Pat Kirwin
Make-up Editor: Don Rooney
Copy Editor: Bob Peters
Advisor: J. W. Fetherlin

THE STAFF

The ambition of this semester's editorial staff is to present daily all of public interest in school affairs to the public and to publish weekly by students that of interest, for student interest, and in the interests of students.

Assisting the supervisory council we find these pupils whose lights although hidden under the bushel of anonymity are reflected in the success of the project:

Don White, exchange; Dale Strawser, features; John Hegele, Harold Dresbach, and Wilbur Funk, news; and the journalism class whose members are with tottering steps and feeble visions essaying to explore the happy hunting ground of staff work where cubs may roam and get in on the kill.

In the contest for the position of chief typist are found:

Eloise Eldridge, Mildred Greenlee, Martha Kinney, and Phyllis Wagner.

EXPLAINING A NEW POLICY

By the Advisor

As the Red and Black space allotment in The Herald is limited to four columns and the number and necessary length of news stories gathered by the journalism students invariably results in over-setting when they are retained for the school section, the board of editor's has gratefully accepted the Herald's offer of more comprehensive cooperation.

This year articles of importance and interest primarily to the public are to be reported to The Herald at their occurrence. Thus a more timely and complete publication of "big school news" may be arranged to the mutual satisfaction of The Herald, the Red and Black, and their readers.

Pat Kirwin, junior of C. H. S., journalism student since his freshman year, former editor of "Circleville's official school paper," and reporter of two seasons at The Herald office, is the first incumbent of the newly created post of Liaison Editor.

Read The Circleville Herald daily, to keep abreast of the times with your girls and boys in the local schools as he reports them.

The policy of the Red and Black becomes two-fold:

That of daily offering school news to the public through The Herald;

That of weekly publishing school news for school people in the Saturday department.

The historical function of the paper is to be acquired by a half column of Rewrites in which memorable school news previously released to the Herald will be summarized as a matter of record in the Red and Black.

ATTENTION: TIGER FANS

Yea team, fight! Yes, that reminds me: We of the old Pep Club and Athletic Association must get together and organize. Our first football contest is Friday. It is just as important as any of the other games. If we are to be members of such an organization we will have to get more pep than we have now.

Junior officers of last year should see the principal and call a meeting Monday or Tuesday in order that we may get organized, elect officers and receive new members. By this we start the new year right and make a success of this season athletics.

WE BEGIN, AND HOW

Again the din of pupils voices is heard in the past months' vacant school buildings. Pupils start work again with the good cheer that is customary at the beginning of a new school year. Class rooms are more crowded than ever before. Our teachers, parents and friends expect hard work from everyone, and it is up to us to fulfill their expectations.

LET'S ORGANIZE

Monday is a good time to start thinking and talking about the re-organization and election of officers for classes and organizations.

Wednesday is a good time to call the necessary meetings to elect officers and reorganize.

Let's choose level headed, business like classmates to head our groups, and live-wire, go-getters to lead our organizations.

CHEERLEADERS WANTED.

WANTED: Two youthful persons of high school age. Must have strong voice, plenty of nerve and lots of school spirit. There is no specific height of weight. Call at the office of E. I. Gephart between the hours of 8:00 A. M. and 4:00 P. M. Monday, for full particulars.

ORCHESTRA TO MEET

Mr. Zangien hopes for a fine orchestra this year which will start with an organization meeting on Tuesday, September 16. The orchestra will follow the same course of practice as last year.

FACULTY ADDS 3

Three teachers new to local pupils fill the places vacated by Messrs. Keeler and Guthrie and Miss Fohl resigned.

EICHENAUER TO TEACH
A. E. Eichenauer, graduate of Bliss College and new instructor in the commercial department, is a native of Celina, Ohio. His local position is his first experience as a teacher. Mr. Eichenauer states that he likes the school and is much interested in it and its pupils. For the first ten days Mr. Eichenauer expects to review last year's work and then the regular routine will begin.

Mr. Eichenauer is married and has two children. He also has not found a Circleville home as yet.

COACH HERBERHOLZ

P. S. Herberholz, new coach of the Red and Black teams and former letter man of the University of Illinois, says that this year the football men are coming out late. "But more games are going to be won this year than there were last year."

"The boys still have some of the same ideas they had last year," but we'll change all that since they have not come out just for letters," he concludes.

CONTENT NOTICE

The National and State Women's Christian Temperance Union are conducting a national essay contest. Pupils from the third grade to and including the high school may compete. National and state prizes will be given. The subjects are chosen for each class group. For further information see high school bulletin board.

THEY'RE MARRIED, GIRLS

We heard the senior girls taking the classical course, kicking because they won't have a chance to get acquainted with either of the new "good looking" teachers.

Miss Martha Liest is substituting for Miss Norma Ross of 3rd grade of Franklin.

BEGIN CHAPEL YEAR

"Don't get out of high school without graduating", were the concluding words of Supt. J. O. Eagleson at the initial assembly held at the high school auditorium when the faculty and more than three hundred students assembled September 2 at 8:30 to open the school year for 1930-31.

The program opened with the assembly singing the Star Spangled Banner and executing the pledge to the flag. Principal E. I. Gephart then read 13 verses from the second chapter of Proverbs. This was followed by prayer.

He then turned the meeting over to the superintendent, who introduced P. S. Herberholz, the new athletic coach, and A. G. Eichenauer, the new commercial teacher, and told what an effort he had made to secure the right kind of teachers.

Mr. Gephart assigned session rooms and explained the rules and requirements for graduation for the benefit of freshmen and new pupils.

At the request of Officer McCrady, he also read the traffic and parking ordinance recently passed by the city council.

Attendance for the first day was 316. Of these 150 are boys and 166 are girls.

TIGER GRID SQUAD REPORTS

Monday, Sept 1 marked the opening of the Tigers' 1930 grid season. Prospects for a winning team are fair with the six lettermen, Hill, Hundley, Iles, Hoffman, White, and Good back from last season. Twenty two other candidates have reported and all are getting in good condition for their encounter with Walnut-wp. September 12. For the past week the candidates have been tackling, passing and pass blocking.

Coach Herberholz expects much of the eleven this year, due to the fact that they are of average 155 while the backfield will average probably 5 pounds more.

The squad consists of the following members: seniors—A. Gordon, Lape, Radcliff and McClure; juniors—Mills, Good, Iles, Griffith, Hoffman, R. Hundley, Parrell and Stout; sophomore—Hill, Hegele, Wallace, Rooney, Laughlin, White, Robinson, Styers, Thomas, Phebus, Reeser and Wilkinson; and freshmen—Smith, M. Davis and Linton. Eighth Graders—Hill Denny and Henn, are also working out.

CONCERNING GUIDANCE

The most predominant change in this year's school schedule is the lengthening of the physical education. On Monday, Wednesday and Fridays there will be 35 minutes of physical exercise for all pupils from 12:55 till 1:30. This plan insures 100 minutes given to the above course supplementing the former method of twenty minutes daily.

In addition to this, on Tuesdays and Thursdays there will be 35 minutes given to the study of guidance taught in the session rooms by the session room teachers.

The following is the foreword written by State Director, J. L. Clifton, of the guidance text edited by D. H. Eilsenberry:

"Education is the accumulation of experiences of an individual. The individual, then, must be part of every consideration when an educational program is planned. The planning of school programs up to the present time has centered in the mastery of subject matter as presented in textbooks. The limitations as far as instruction is concerned. The rapidly changing economic condition is at this time requiring a more concrete and practical education for the child than the textbooks can offer. The schools are now required, more than ever before, to train every child to earn his own living in the best possible field of work. A child entering the first grade of elementary school should be headed at once in the direction of the best possible citizenship. This requires a definite, individual guidance for the child. Everything possible must be done for every child all the time the child is eligible to attend the school. Every child has the right to be trained to do all he can do in the best possible work and, at the conclusion of his training, be a responsible citizen. When ever a normal child is trained to earn his own living, and at the same time be proud of it and happy in the accomplishment, then we will have a prosperous and happy citizenship. All the so-called virtues will be developed in such a training of children when they are interested in worthy programs of learning."
